Telegrams from Cadiz announce a disastrous inundation, caused by an extraordinary flood-tide of the Guadalquivir and several other rivers. The greater part of Andalusia is desolated. According to informations received this moment the losses will be considerable.

THE EARTHQUAKE AT CHIOS

The cable from Europe again brings us news of a disaster in one of the most ancient, most historic, and most beautiful spots on the earth. The Island of Chios, the admitted birth place of Homer, has been all but destroyed by an earthquake which for 3000 of its inhabitants proved indeed the end of the world. It is remarkable how callous the whole world has grown: The wires flash to us news that in the days of Herodotus would have thrown old Rome into mourning, yet we read the news of the disaster in the papers of Buenos Aires with less interest than the telegrams from Montevideo about the Chilian Question, or an 'hecho local' about the flight of an opera empresario.

We haxe written it, and repeat it, that it is in the presence of such great disaster, with the little telegram announcing the untimely end of 3000 of our fellow beings, that one catchs a glimpse of the nothingness of our local sorrows, and the trifling troubles that afflict us. But a few weeks before Chios was destroyed, an earthquake took place in Italy, which, although inferior to that of Chios, startled all Europe, and spread ruin over some of the most smiling districts in Italy; but Chios is again a hecatomb, and this lovely Island, which was a smiling garden before the days of Abraham, and whose antiquity baffles all history and record, is to-day a scene of desolation and despair as great as when it was drenched with blood some sixty years ago, in one of the darkest and most disgraceful hours of European history. We give the following few mems about this delightful but doomed Island: associated as they are with yesterday's telegram, they will possess perhaps as much interest as many other topic that for the moment fills the papers:—

"Scio, an island of the Mediterranean, not far from the coast of Smyrna, and one of those classed as the Sporades. It was known to the ancients by the name of Chios, and by the Turks is now called Sakez-Adassi. It is situated between the parallels of 38° 8′ and 38° 30′, and between the meridians 25° 50′ and 26° 11′, thus being in length 22 and in breadth twenty-one geographical miles. It is separated from the shore of Anatolia by a strait, called sometimes the Strait of Bianca, and sometimes that of Scio, which is seven leagues long, and has a depth of water of twenty fathoms. Mr Galt, who visited it in 1810, says, that 'the houses are built in the Italian style, with lofty pyramidal roofs. Except in the particular of dress, and with the exception of the streets where the shops are situated, every thing about Scio has the appearance of a town in Christendom. The shops are well filled, many of them with those gorgeous stuffs of woven gold and silver which are but rarely to be seen even in London. This was one of the principal manufacturing seats of the Turkish empire; and silks, which rival in beauty and elegance the richest of France and Italy, are produced in the looms of Scio. In the town are about ninety places of worship belonging to the Greek and Roman persuasions, There is a cathedral, a respectable building, adorned with modern paintings. Almost the whole of the lower class are silk weavers and embroiderers. Many of the villas in the neighbourhood of the town are large buildings, with attached pleasure-grounds and beautiful gardens.'

"At a later period the city contained about 5,000 houses, and the inhabitants were estimated at 25,000 persons. Besides the city, there were on the island seventy-six large villages, containing Armenians, Turks, and Greeks. The latter were calculated by none below eighty, but by some at a hundred thousand.

"A traveller, Mr Laurent, who visited the island in 1818, says, 'All the ideas which fancy can form of an earthly paradise seem realized here; the face of the country, itself most fruitful, is cultivated with the greatest assiduity, and every part presents rich vineyards intermingled with fruitful trees. The valleys are intersected with paths shaded by trees, spreading over the traveller's head their luxuriant branches, bending in the seasons under the weight of lemons, oranges, and pomegranates. The inhabitants seem willing to join their efforts to add to the charms of their island; by all the foreigner is welcomed, and the traveller hears the salute of the peasant, 'kalé emera, kalé espera', good day, and good evening, as he passes along.'

"The favourable circumstances in which the people lived was in a great part owing to the power over the island having been granted to a sultana, a sister of the sultan, who, satisfied with a sum of money annually collected by the people among themselves, left them almost to their own religion, laws, manners, and occupations, but she is said to have prided herself on the superiority of those under her sway to any other Turkish subjects.

"It was owing to this state of things that, when the revolutionary movements among the other Greeks in the Turkish dominions were commenced, no disposition was felt in Scio to embark in the same course. There was a small Turkish garrison in a fortress under an aga, to whom the people gave assurance that no disposition to revolt existed among them; and some of the most respectable heads of families gave themselves as hostages for the pacific and tranquil conduct of their countrymen. The Turkish fleets never molested them, but passed on to subdue the other islands then in a state of insurrection. One of the insurgent Greek leaders, however, with a fleet entered the harbour, and landed a body of troops to attack the arsenal, in which the small garrison of the Turks was collected. In the attack on the fort, the Sciotes of the lowest classes, in spite of the remonstrances of their primates, joined their fellow-Christians, The fort was taken, and the garrison, as well as all the Turks in the city, were put to the sword.

"Soon afterwards, in 1822, whilst the island was under the dominion of the rabble and the small body of insurgent Greeks, the Turkish fleet entered the harbour, upon which the invaders escaped from the superior force. As the populace had joined them in spite of the remonstrances of the principal inhabitants, the latter, in number above two hundred, repaired on board the ship of the Captain Pasha, with the most solemn assurance of their innocence, and the most unqualified submission to the Porte. The Admiral received them with great civility, expressed himself willing to forget all that had passed, and ordered coffee and a variety of refreshments. He soon landed, taking with him a force of 10 thousand men, a few of whom were regular troops, but the far greater number were volunteers, under no control, who had been induced to embark from the capital by the promise of plunder. Then consequently began a general massacre of the men, with the plunder of the houses, and the capture of the women, girls, and boys, as slaves, to be sold by the captors to the harems for the gratification of the natural and the unnatural vices of the Turks. The details given by eye-witnesses who escaped were such as to harrow up the soul. Every house and every garden were strewn with corpses; beneath the orange-trees, on the sides of the fountains, on the rich carpet, and on the marble pavement, lay the young, the beautiful, and the aged, in the midst of their loved and luxurious retreats. Day after day passed, and, lying as they fell, alone or in groups, no hand bore them to their graves, while survivors yet remained to perish. At last, when all was over, they were thrown in promiscuous heaps into large pits.

"Twenty thousand persons are computed to have thus perished during the few days the massacre lasted. A few were happy enough to escape and pass the barrier of rocky mountains, and thus for a time were secure; and a few were received into boats and vessels on the coast, and thus were rescued from immediate destruction. The greater number, especially the younger women and boys, were made objects of plunder by the volunteers; they were mingled together as indiscriminately as a flock of sheep, were driven into the ships, and were thus transported to the capital, where they were exposed to sale like cattle, and a very few were redeemed by their friends, who, privately, it being unlawful for a Greek to buy a Greek, purchased them through Turkish agents.

"Those who had delivered themselves up to the Captain Pasha were removed to a solitary prison, and there, in spite of Lord Strangford's intercession, were, after he had thought their lives secure, all decapitated. Even the Sciotes in Constantinople were not spared, but in a short time were plundered and put to death. The English ambassador exerted himself in the cause of humanity, but no diplomatic personage of the other states of Europe interfered in behalf of these wretched sufferers."

THE GREAT SOUTHERN RAILWAY

We are indebted to our colleague the *Libertad* for the following official statement of the earnings and disbursements of the Great Southern Railway. The tables will possess a double interest to those who may remember the early history of this splendid line, and the great opposition the concessionaire, Mr Edward Lumb, deceased, had to con-

Can be used with COLD WATER. Sole Agents MOORE & TUDOR, Maypu 95 and 127. Beware of imitations and falsification

tend withto carry it out.Our readers who scan the traffic figures we give at foot will hardly credit the fact that before the first sod was turned two employees had to be posted, the one on the Barraca Road, and the other on the Alsina Bridge Road, to count the number of carts and people who passed into town daily, in order to satisfy, not the people in London—not the bankers in Dublin—not the iron masters of England but *the people of Buenos Aires, and the Legislators etc,* that that there was really sufficient traffic from the south to *support a railway.*

We look back now through the long vista of 17 or 18 years and wonder at the errors of the public then, yet the experience has taught us after all but little, we have the line now running and doing a truly splendid business, an enterprize that has brought into the country directly four millions sterling and indirectly over 20 millions sterling, and maintained the credit of the River Plate in the London market more than anything else that we know of in the country yet, for political or other motives there is an attempt now made to saddle the province with a loan in order to expropriate the line, and hand it over to the Government, to be worked for Government account. We have no doubt that, if the money can be raised, the measure will be carried out. but we proclaim it a grave political and economical error. Left to itself the Southern Railway, will before 3 or 4 years are about, reach Bahia Blanca, whilst in the hands of the Government the most we can expect will be some trifling tramway or narrowgauge branches to the country towns commanding more electoral than commercial or industrial importance.

If the Government of Buenos Ayres can raise four millions sterling for railway purposes, and we believe it can, let us strike out and expand our railway system by carrying the Western Railway from Bragado to Italo, and from Pergamino to Rio Cuarto, opening up some of the finest camps on this continent, and which to the present are as wild as Zululand. But let us at least for the next decade leave the Southern Railway alone; the Directors themselves will extend the line to Bahia Blanca, since the current runs so, and the traffic secured by such a prolongation would pay more than 12 per cent per annum on the outlay. Our new Governor, Dr Dardo Roach, should identify his admistration with making new railways, not buying up old ones. We greatly fear we have not improved one iota since the days when we posted the men on the Calle Buen Orden hill to count the number of carts entering. Error in the Plate seems to be immortal. The following are the tables:—

Application has been made to the Western Railway Board for permission to run railway luncheon cars attached to the passenger trains. We support the motion. A luncheon car on the Chivilcoy and Bragado trains would be certain to do a good business.

EDITOR'S TABLE.

The Royal Mail steamer Douro sails this afternoon. Stamped letters can be posted at the General Post Office up to 1 o'clock p.m.

The Lamport and Holt steamer Hipparchus brings London papers to the 10th ult. The Irish Government had begun to put the Coercion Act in force, and numerous arrests were made, chiefly in the West of Ireland, of small farmers and others connected with the Land League, but none of the leaders had so far been touched. The prisoners were all brought to Dublin and lodged in Kilmainham Jail. They are well treated, allowed to be together in a comfortable room for six hours daily, to furnish their cells as they please, to smoke, and read the daily papers, and have what food they please. The earthquake at Casamicciola, in Italy, was a terrible affair, but nothing like the dreadful catastrophe at Chios, to which we refer in another column. King Coffee has replaced the 'golden hatchet,' and there is no danger of a war with him. The Dowager Queen of Denmark is dead, aged 84.

The *Nacion* published yesterday several of the private despatches from the Peruvian Foreign Minister to Sr Sanchez, Peruvian Minister here, which were captured by the Chilians, at least the copies of them, in Lima. They are quite too long for our columns, but we may condense them thus:—Mr Sanchez came here with instructions to urge the Argentine Government to make war on Chile, in alliance with Peru; to conclude either a public or secret treaty; to get from this Government war stores, arms and war ships, or allow the latter to be bought in England under the Argentine flag, etc. etc. One of the dispatches congratulates Mr Sanchez on having 'wormed' out of President Avellaneda that this country would attack Chile when the Roca Government came into power, a pie-crust kind of a promise (if it were ever made, which we doubt) manifestly made to be broken. These documents are of interest, as showing the verdant diplomacy of the Peruvian Foreign Office, but in no other way are they of much importance now.

The disappearance of M. Jouraan, empresario of the French Opera Company, is confirmed; but whether he has been made away with, has made away with himself, or has simply taken himself off, is still a matter for unpleasant speculation to his friends. The only thing certain in the business is that he had $51,000 m/c and 16,000 francs about him, and it is the whereabouts of this cash rather than of Mr. J. that so many people are anxious about.

The *Nacion* says that our highly esteemed countryman Dean Monsignior Dillon will be made a Bishop when the new Provincial Government takes office, to have his see in the new capital of the Province. It is with sincere pleasure we give this news, the more so when we recall the fact that, when he attained his first dignity as a Canon, but a few years ago, we confidently ventured on a prediction that we should one day have the pleasure of saluting him as a Bishop.

We cordially welcome to the R. Plate the Revd Mr Williams, the new Chaplain of the Welsh Colony at Chupat, who has just arrived from England. There are now in town 40 Welsh families who have come out to join their countrymen in the South. We wish them all fortune and prosperity in the land of their adoption and hope to see thousands of their friends at home soon following them to this land of plenty.

We read in the *Siglo* of Montevideo a letter from the Rev. Kenelm Vaughan to the manager of the Lazzaretto on Flores Island, complaining of the truly disgraceful pranks played on him there by the employees of the establishment, who deliberately set themselves to disturb his rest and comfort at night by proceedings which the Rev gentleman characterises as 'scandalous and impious, and evidently meant to outrage him as a clergyman.' Father Vaughan has placed the matter in the hands of the British Minister at Montevideo, and it cannot be doubted that President Vidal's Government will deal out condign punishment to the authors of such a truly disgraceful outrage.

We read in the *Telegrafo Maritimo* that Dr George Edward Irvine, of the Dublin and Edinburgh Faculties, has been authorised by the Council of Health at Montevideo to practise in any part of Banda Oriental as a physician and surgeon.

The Bolivian system of preserving potatoes is as simple as A.B.C.: Boil them with salt, dry them in the open air, then peel them without breaking them, and they will keep fresh for ever and a day.

They expect a crop of 600,000 ar. of tobacco this year in Paraguay, and also a superabundant yield of 'yerba.' Foreign emigrants are also beginning to drop in, and it would seem as if Paraguay has at last turned the corner towards a better state of things.

The very latest report about Colonel Latorre is that he is in Montevideo, incognito. Nonsense.

The papers report an amusing duel at Palermo between two 'men' of 17 years or thereabouts respectively. There was a lady (we have not heard her age) in the case. The boys slashed away at each other bravely with sabres as big as themselves, until one of them got a smack and a scratch on the head, to which a strip of sticking-plaster was applied and honour being satisfied, the affair terminated. "Il n'y a plus d'enfants."

Naptha and ether combined is the newest opponent of gas in the illuminating way. It has been tried with immense success in the School of Arts in Paris, The most singular feature of the mixture is that it is harmless while in a state of combustion: The inventor filled his best hat with the liquid, set fire to it, put on the hat, and when the stuff was consumed his hair was still on his head. A pocket handkerchief soaked in the liquid can be set fire to, but no injury is done to it. This is a most decided improvement on dangerous and nasty-smelling kerosene.

Our latest Panama advices are to 3d March. The only news from that place is that the Cathedral clock cannot be persuaded to keep correct time, having a fast and loose, or rather a fast and slow system of going that completely puzzles the population. A revolution has broken out in Venezuela and the general opinion is that the rebels will get the best of it.

H M S Elk arrived here yesterday from Montevideo, but we believe she returns there this evening, The Rev. Kenelm Vaughan came up in her. The Rifleman is expected from England at the end of the month, to replace the Elk, which goes home, after four years' service on this station.

The Caridad Lottery of Montevideo netted no less than 75,000 patacons in the month of January last, most of which came out of the pockets of fools in B. Aires.

Should any of our subscribers in Rosario, or Santa Fe generally, suffer from toothache, or any other of the ills which human grinders are liable to, we can confidently recommend them to Mr. Thomas Loader, surgeon dentist, of No. 139 Calle Cordoba, Rosario, who will set them right for a very moderate fee. There is an immense advantage in false teeth, when they are properly made, as they are exempt from pains and aches of all kinds, and never decay; they are now fast superseding the natural article in all properly civilized communities.

The latest news from San Juan is that a genuine coal bed has turned up on the Cordillera in that province. The 'denouncers' have, of course, applied for a concession.

The late Bishop Wilberforce and Lord Palmerston were once visiting together at a country house, and on Sunday morning they both went to church, the Prime Minister riding in a carriage and the spiritual peer minding to go afoot. In transitu a shower came on: the Minister passed the Bishop, and, leaning for an instant out of his covered carriage, called out jocularly—'How blest is he who ne'er consents by ill advice to walk.' Instantly Samuel gravely and stentorously replied —'Nor stands in sinners' ways, nor sits where men profanely talk.'

Mr Nicholas Lowe, President of the Committee named in Mercedes to promote the holding of Agricultural Fairs there, has received letters from Dean Monsignor Dillon, Mr William Casey, of Las Heras, Mr J B Dowling, of Carmen de Areco, and Mr C Casares, accepting their nomination on the Committee and promising the movement every support.

The Minister of the Interior paid a visit on Wednesday to all the police Comisarias in the city, accompanied by the Chief of Police. H.E. expressed himself as satisfied with the results of the inspection.

The Municipality is again in a pecuniary fix, and the Lord Mayor has applied to the Minister of the Interior for a loan of 60,000 pats, to attend to the wants of the Hospitals. In the Mercedes Hospital the lunatic inmates sleep *three* in a bed. The Beggars' Asylum will not hold another soul, and the state of the Men's Hospital is said to be pitiable. The Lord Mayor says that when Congress gives the Municipality its full powers, attributes and revenue it will be able to repay this loan with ease.

The National Minister of Finance paid an official visit to the Riachuelo Port Works yesterday. H. E. was accompanied by Mr Huergo C.E., and Messrs Amadeo, Anido, Zemborain and Villafone. The steam tender of the Dredge took them along the whole length of the works.

The rumour that His Majesty the Emperor of Brazil will visit the R. Plate in May or June is revived. His Majesty is certain of a hearty welcome whenever he likes to come.

Mr. Thomas Drysdale, who sails to-day for Europe in the Douro, paid President Roca a visit at his quinta last night, to say farewell to H.E., who expressed the hope of soon seeing him back again.

There was a sharp reaction in gold to-day on the rumour we adverted to in our last about the quotation of the new loan on the London stock exchange. We applied to the Minister and he informs us that our note to him on the subject was the first he heard of it, that the relations between the Government and the London Bankers referred to are of the most friendly nature, and that there is nothing to justify such a report. As we mentioned in our last, we believe the whole rumour hangs on the Treasury Notes which holders are trying to get quoted in London, but which, being a home and paper loan, and susceptible of further emission, finds some difficulty,

And the gold bulls made the most out of the rumour, and although the cash purchases were trifling, prices rose to 28.70, and very large purchases were made for the end of the month It is really most significant that the gold market did not advance more to-day,so strong is the speculation for a rise. All the ring seemed anxious to buy for the end of the month, and prices show an advance of 40 cents on the closing rates on 31st ult. at the auction. Gold opened at 28.70, and closed at 28.65, only 75,2oo sold cash, the sales for the end of the month reached 617,650o,pening at 28.65, rising to 70, dropping to 55 and closing at 65.

Cedulas were not so strong as yesterday, opening at 94, and closing at 93¾. Nat. Bank Shares opened weak at 81½ cash, and dropped to 81, dropping for the end of the month from 81⅝ to 81⅛, and for May 81⅜; the market, however, closed a shade firmer.

Old Gas Shares were sold to-day, one lot sold at 230 m/c, being 130o prem.

The Nat. Government has determined to repair the Primer Entre Rano Railway, and has opened a credit for the work of 35,000 fuertes; the amount is not large and the railway is most shockingly out of repairs.

The judge from what we hear on all sides the growth of our sugar industry promises to eclipse every other River Plate industry; on all sides up the country, in the Chaco, in Corrientes, in Misiones, and Santiago del Estero new sugar plantations are the order of the day. The news in the market now is that Messrs Somoza are forming a Joint-stock Co. in this city to put up a great sugar factory in Corrientes, capable of producing 16,000 ar. sugar yearly. In Europe there are parties at present trying to form a miller companies to work in Tucuman and Salta, and the Correntino Government is giving to an English firm a splendid concession of land, conditioned on the starting of a large sugar establishment with the very best English machinery, in that province. Already the Custom House figures show that there is a great decline in the imports of foreign sugars, and soon it will cease in toto.

The Bank discounted yesterday 6½ millions which always keeps the market fairly supplied with paper, although, owing to the large wool sales, money is in active demand. It is rumoured that the Prov. Bank will shortly begin to draw exchange, but how far authentic this may be we cannot say.

The following gentlemen were on Tuesday elected Bolsa member; Messrs A R Viñas, S de la Presedlla, S Hedcano, F Lista, F S Gutierres. M F Garcia, J Donat, A Bloch, A Barreri and A Blanco; more room in the hall made for all these new members.

The sale of a cargo of tallow in San Nicolas is reported, also 4o3o q.q. beef, at Saladero Mocoreta, 50 rls gold for Havannah.

Hides—
11,000 Correntinos
2,000 Entre Rios, reserved prices
2,000 kips at 54 rls

also a large lot of horse hair at 36 rls gold.

Mr Ruchuelo Huergo, we hear, has returned in the Solinho, having concluded the mission on which he was sent and most successful; we welcome him back to the Plate, soon the dredges will be here, and when Congress meets, let us by all means close with the Fair dock scheme, and set about in right earnest to make the Boca what it ought to be, and must be.

It may interest the market to know that there is a project in contemplation to shut up all the present City Cemeteries, and to open a large Campo Santo, say from 3 to 4oo squares; last night in the Municipality the matter was much talked of, and some thing may come out of the scheme.

Gold at afterhours ruled heavy. 28.70 seemed too much for the market, and prices flattened a little and gold sold at 28.65. Then they began to offer very freely for end of month, and gold bought in the morning began to burn people's fingers; the result was a change round, and a well-known broker who bought last night in the street, and to receive double, began to sell freely for 30th at 28.60. Market closed 28.60 sellers and market weak.

National Bank Shares at afterhours ruled heavy—

Market closed sellers.

We mentioned to many parties on 'Change the Minister's letter contradicting yesterday's rumour about the new loan, and at their request we publish the letter, which goes at foot.

This was a day of general leave taking on Change; seldom do we recollect so many cosmopolitan members of the market leaving all together. We believe this is the first time in the Royal Mail history that any of its steamers took away such a crowd as the Douro to-morrow, it beats the Boyne in 1872, and the Elbe last year. The Douro clears to-morrow; mails and passengers embark at 3 o'clock from the mole. She takes—

80 first class passengers
25 second do do
130 third do do, including 60 sailors for Admiral Brown ironclad.
4000 salted hides
800 dry do
1000 bales
600 boxes meat.

The Minho sails on 15th and has 300 bales engaged at 25s and 10 per cent. The Guadiana follows, and the Elbe is posted for 15th May and has already half her cabins engaged.

Wool men report 280,000 ar. wool during fortnight sold from deposit, and about 400,000 ar. sold in the plazas; a stock of wool still in deposit of 1,700,000 ar., and an estimated stock of wool still outside in the camp of say one million two hundred thousand arr. The clip this year, it appears, will far surpass in quantity that of last year. Large wool sales going on in Montevideo and prices up 6 per cent.

We give the latest from Antwerp about wool in another column.

Exchange rules about the same 49½ to 8, and not many sterling bills offered, but 10 francs a large supply of bills in the market. Paris 5.23-24. Antwerp 5.25.

The Hipparchus has made a fine run out in 26 days from Antwerp; she is fixed to sail on 18th inst for Havre, and has to-day engaged 1000 bales at 30 frcs and 10 per cent.

The Leibnitz leaves on 11th with the following cargo—
700 bags dried blood
1500 dry hides
1700 bales
6500 salt horse hides
1400 do ox and cow hides

We heard on 'Change that all the small steamers in port are engaged for to-morrow.

Mr Thomas Drysdale, Mr Gibson, and Mr Graham will leave Central Station to-morrow (Friday) at 1 o'clock; a special train will take them and friends to the Boca, where the steamer Victorica will be in waiting to take them off to the Douro.

The steamer Precurseur has engaged 1,2oo bales at 30 francs in full, all shipped by one well known exporter for North of France.

A well known Argentine broker left the Bolsa at 4 o'clock with an immense bundle of Cedulas, which attracted much notice.

Mr Green reports the following charters—
Danish brigantine Nicolas Franz to load salted hides, Fray Bentos, for orders, 32s 6d.
Norw. brig Alexander to load salted hides, Payssandu, 30s and 5 o/o.
Germ. brig Lina to load tallow for Havre direct 30 francs and 10 o/o.
Norw. brig Varuna to load salted hides, Payssandu, 30s and 5 o/o.

We note a great stir in saladero produce, and that much of the wool now baled is going forward by sailing vessels.

Messrs Vogtherr & Schleicher bought today 1,2oo ar. washed wool from Concordia sold by Mr E Casey at the high price of 198 per ar.

The following particulars of a gigantic stoppage in the U. States may interest this market, as many of our German merchants may know the companies involved:—

"On application of Moses G Hanauer, of the firm of Mayer Bros, general commission merchants, Wall and Pearl streets, Mr H D Babcock was appointed Receiver of the firm for the purpose of saving the estate from waste, and to serve the interests of all the parties concerned. Mr Hanauer stated that the report that the firm had failed was incorrect. It has no debt in this country or Europe, except to the special partners. Mr Babcock has filed bonds to the amount of $400,000, his bondsmen being Samuel D Babcock and Matthew Morgan. Negotiations for settlement of difficulties are now in fair state of progress. The house was established in 1873, and is composed of Carl Mayer, Simon Mayer and Moses G Hanauer, with the following special partners:—The Deutsche Handelsgesellschaft of Frankfort on the Main, with an interest of $350,000; Gebrüder Sulzbach, banker, also of Frankfort on the Main, with an interest of $50,000. Besides the capital, the special partners made large advances to Mayer Brothers and acted as commission merchants for the firm in Europe. The Deutsche Handelsgesellschaft (German Trading Society) bought for the house large quantities of iron, and owing to the collapse in the prices of both iron and coffee, the house lost large sums of money. Mayer Brothers announced these losses to the special partners which threw them into a panic, and the Trading Society published the losses and the stock of the Society declined. The liabilities of Mayer Brothers to the Trading Society amount to $1,500,000. Nothing is owed to G Sulzbach except his interest in the special capital. Mr Hanauer states that the assets have not been accurately computed, but they are enough if left in the hands of the partners to place the firm on a sound basis. Mayer Bros., in announcing their losses to the special partners, offered to devote their lives to repaying the losses, only asking for a small compensation for their support. The special partners, however, insisted on their surrendering the assets to their counsel in this city, leaving it optional with the latter to discharge the general partners from liability therefor. On advice of their counsel, Martin & Smith, the general partners declined this proposition. The contract under which the firm was organised provides for a capital of $400,000 to be furnished by the special partners. The general partners were to give their time, and receive, together, $10,000 a year and 50 o/o of the profits, the remainder to go to the special partners. The special capital was to draw an interest of 6 o/o. The firm made, in one year, as much as $400,000. The German Trading Society, which has a capital of 15,000,000 marks, will lose about a third of its capital, but is perfectly solvent. The other special partner is a wealthy banker. Mayer Brothers have bought up all their outside paper, which at the time of the recent coffee failures amounted to a great deal, and closed up all their contracts except such as could not be finished, but which do not amount to more than $10,000."

As appears by the following the attempt in New York to alter the quotations of exchange on London have totally fallen through:—

"Perhaps the most important news of the day is the official announcement of the leading drawers of foreign exchange, who changed the method of quoting sterling at the beginning of this year, that after a month's trial they find the new method so unacceptable to the various classes interested in the foreign exchanges that to-morrow they will return to the old method of quoting sterling by so many dollars and cents to the pound sterling. This will be welcome news at the Produce and Cotton Exchanges. The new method of quoting was promised the support of the leading bankers, but received only a doubtful support from several of them so soon as they saw that the makers of commercial bills did not approve of the new method."

The activity in our wool market continues, and business is brisk at both Plazas. Some of the houses are buying very largely, having it is said received fresh orders from Europe. Mr Casey sold to-day a lot of Entre Rios washed wool at 200 m/c per ar., which tops the market this morning.

The London papers publish the following about Chili and the Postal Union:—

"On the 1st of April next the Republic of Chili will enter the Postal Union, and prepaid correspondence for that country will then be subject to the following reduced rates of postage:—Letters, 4d per half-ounce; post cards, 1½d each; newspapers, 1d per four ounces; printed papers and patterns, 1d per two ounces; commercial papers, the same as for printed papers, but with a minimum charge of 2½d. Unpaid letters will be charged on delivery with double postage. Letters, post cards, newspapers, commercial papers, printed papers and patterns, addressed to Chili may be registered, the registration fee being in all cases 2d, which, in addition to the postage, must be prepaid. The sender of a registered letter, or any other registered article, may obtain an acknowledgment of its delivery by paying in advance an additional fee of 2½d. Correspondence for Chili will be subject in every respect to the conditions of transmission applicable to correspondence addressed to countries of the Postal Union generally.—*Times*, March 7th, 1881."

The great sale of horned cattle by Baltar & Quesada proved a great success; all the cows, some 5,600 mestizas, were sold, averaging $16 m/c per head. Mr Fernandez and Mr Goyo Soler the principal buyers. The sale realised over 1,900,000 m/c.

Mr W Gowland leaves shortly for Bahia Blanca to open a house of business down there We trust he will receive the fullest support from our numerous countrymen in that district Mr Gowland takes down a factura of goods, representing over 1½ million.

The National Government has named the following gentlemen on the Board of Public Credit; the nominations meet with the highest market approval—

Sr. Don Leonardo Pereyra
" Ernesto Tornquist
Dr Don Tomas Anchorena
Sr. Don Alejo Arocena

The Mails by the Hipparchus were delivered this morning; the London papers are to 10th March, we extract the following from the City article:—

"It is thought likely in some quarters that the Bank rate will be reduced to-morrow. Meanwhile the market rate for discounting three months' bank bills is a shade under 2⅜ per cent., while for longer bills the minimum is 2⅜ to 2½ per cent. Short money is somewhat plentiful at 2 per cent. The sum of 140,000l, in gold, including 75,000l. in sovereigns from Australia, was sent into the Bank of England to-day, while 100,000l. was sold for export. Since the last return the total influxon balance is 381,000l. Bar silver has risen ½ to 52⅝d., and Mexican dollars ½ to 51½d. The Orient Line steamer Cuzco has left Adelaide with 143,000l in gold from Sydney and Melbourne.

"A Southampton shipbuilding firm, Messrs. Oswald, Mordaunt,and Co., whose difficulties have been known to a few, are reported by the local newspapers to have suspended payment. It is stated, however, that arrangements have been made to complete work on hand, and that a good dividend will ultimately be forthcoming. "We learn that it is proposed to offer a part of the new French Loan in London, but the rate of exchange and other particulars are not yet fixed.

"The following are the latest Montevidean advices:—

Messrs. Rams and Pietranera, in their interesting report, give the following:—

"Imports have been dull during the fortnight, in spite of the much expected activity; prices have gone down owing to the affluence of stock. As long as such a stock accumulates there is no hope of improvement.

"Exports have shown more activity, but prices are stationary. Hides and sheepskins maintain their prices a so. Wheat is in demand and firm. The money market is in a satisfactory state. The National Government has successfully launched the 12 million loan at an advantageous rate, considering the standing and high character of the contracting parties. Gold has gradually declined to 28.55. Discounts are easy. We conclude by stating that there is a superabundance of imports, and those articles cannot improve if European firms continue increasing the prices and stock of fresh remittances."

Messrs Heyworth Hart & Co., under date Liverpool. March 6th, 1881, report as follows:

Salted Hides—

The business done during the month has been limited, and the only important sale, that of 6,781 Liebig's heavy ox at 7d, establishes a decline of ½d on last quotations. The trade shews little disposition to operate freely at this concession, notwithstanding that good heavy ox, both here and on the Continent, are becoming extremely scarce, and a further fall in prices might have taken place but for continued unfavourable reports from the R. Plate, which tend to mitigate the effect on the hide market, of an unsatisfactory trade in leather.

The supply of summer haired hides must necessarily be very short, seeing that from figures made up to the 28th Feb., the deficit was 375,000 on a last year's total of 634,000 for the corresponding period which points to a deficiency of about 50 o/o in the available quantity of short haired hides. Cable information states that several large saladeros are not working, and, in estimating the probable returns of this season's total slaughter, it should be remembered that the killings in March 1880, were unusually heavy, being 40,000 over the average of the four last preceding years.

Antwerp—Trade has been a steady demand throughout the month, and sellers having been willing to grant concessions a good business has resulted at a decline of fr.2 on Uruguay heavy ox. The principal sales have been

B. Aires heavy ox at fr.74-76
Gualeguay extra do, fr.76
Uruguay heavy ox, fr 74
Uruguay light ox, fr.70
Import, 12,111 salted R. Plate
Sales, 50,450 do
Stock, 78,756 do
Import, 200 Rio Grande hides
Sales, 3,842 do
Stock, 16,323 do

Havre—The market has been steady but not very active, the principal feature being a sale of 1,000 new Montevideo ox, guaranteed 29 kilos, at fr.74, to arrive per steamer, which price has since been refused. Sellers ask fr.76.

Import, 4,635 salted R. Plate hides
Sales, 10,314 do
Stock, 29,329 do
Sales, 500 salted Rio Grande hides
Stock, 14,446 do

In floating cargoes nothing has been done, as, influenced by the circumstances we have adverted to, merchants have declined to entertain approaches, which have been made at 7d. round for Uruguays, and 6½d. for Rio Grandes.

Bones—

On spot have been in good demand, and prices have advanced fully 6s per ton; and as the season is now on, we expect still higher price s for early arrivals, for we have no stock to fall back on; the only buyers will be grinders, the charcoal manufacturers being full of stock. One lot of Bombay crushed was sold to arrive at £6 per ton, in bags; they are from all appearances, no better than Rosario crushed, being too large to sow as they are. Import, 750 tons. For outports, there is a good demand for cargoes without ash, and although the sales for the month are mostly on private terms, we think that £4 15s to £4 17s 6d for ash, and £5 18s 9d to £6 3s 9d for bones, are as near as possible the figures at which same have been done.

Bone Ash—

On the spot is very dull, and to make sales the dealers have had to accept something less than £4 17s 6d on 70 o/o.

Rio Grande—A fair business has been done at £5 8s 9d on mixed, and £4 18s 9d on 70 o/o, and at a little less money large sales could be made. The principal buyers are stocked for the present season, thinking their demand for manures will not come up to last year's.

Stock of pottery ash about 2,000 tons.

The following, from a Liverpool paper, regarding the celebrated London and North-western Railway, will no doubt surprise many readers. At any rate, the figures are interesting and valuable in the way of news: "We believe we are correct in stating that, including the extra lines laid down over a large portion of their system, and the vast number of sidings, the London and Northwestern Company maintain the astonishing amount of no less than 10,000 miles of railway. The capital embarked in this vast aggregate amounts to no less a sum than £100,000,000, while its average weekly receipts fall little short of £200,000. The Company annually carry nearly 50,000,000 passengers and between 30,000,000 and 40,000,000 tons of merchandise and minerals in the conveyance of which their trains run 25,000,000 miles, while there are employed upward of 2,000 engines, 3,000 carriages, and nearly 50,000 goods-waggons and other vehicles of various descriptions, to say nothing of a magnificent fleet of steamers, a stud of between 2,000 and 3,000 horses and last, though not least, an army of 50,000 men."

National Finance Office.

To the editor of the *Standard*.

My dear Sir,

The rumour which you inform me is in circulation on the Bolsa to the effect, that Messrs Baring and Messrs Murietta are trying to prevent the launching of the Loan, is something decidedly new for me. I cannot conceive from what source it has sprung, as there has been no change in our relations with the firms in question, and the Government has most strictly met all its engagements through these same houses.

So far from expecting anything in the way of protest from either of them, we have every right to claim their testimony to the fact that we pay punctually.

Truly Yours
S. Cortines.

650 cabezas mestizas Durham, verdaderas Short-horn, que se pusieron en rodeo en un solo potrero, alambrado desde el año 1862, tienen por origen el troso mas escojido de la hacienda que vendio en esa epoca la afamada estancia del Sr Alfaro (de Canuelas) habiendo sido anteriormente del origen de los primeros introducidos al pais por el Sr. Miller y nunca han sido servidas sino por toros puros de lo mejor, importados uno y otros de la renombrada cabaña de los "Tapiales," por cuya razon tiene este ganado la misma pureza de sangre, ofreciendo la ventaja que la paricion de los ultimos años esta toda orejana.
Es precisamente de este ganado de donde se extrajeron las magnificas vacas que constituyen el conocido y acreditado tambo en Ramos Mejia, que siempre han estado servidas por toros puros de lo mejor en Buenos Ayres y que dan 22 a 24 cuartas de leche sin apurarlas.
En el rodeo que se vende hay gran cantidad de estas tamberas.

The Hipparchus Mails.

London, 10th March.

A terrible fire broke out between 4 and 5 o'clock this morning in Paris at the Magazin du Printemps, the well-known drapery shop near St. Lazare Station, which has been totally destroyed. The fire, which is attributed to an escape of gas in the lace department, was so violent that two hours after it broke out the three sides looking upon the Boulevard Haussmann, Rue du Havre, and Rue de Provence were in ruins and the flames were mounting to the fifth story and threatening the houses opposite. The losses in goods and premises are estimated at 15,000,000f., and 1,100 persons are thrown out of employment. One fireman was killed by a ceiling falling in and another has died from injuries he received in jumping from a balcony to avoid the flames. When the fire broke out 250 persons were still sleeping in the upper stories. They were fortunately roused in time and escaped safely, barring a few bruises. The Printemps was started some 20 years ago and was the oldest of those large shops which in Paris take the place of co operative stores in this respect, that a great variety of articles is to be had and things are sold at lower prices than is possible at smaller shops. What makes this fire particularly deserving of attention is that it once more shows the inexplicable inferiority of the system employed here for extinguishing fires. Paris, so superior in many respects to other cities, is in this respect inferior to every other great capital. To-day, for instance, when the first hand-pumps arrived the fire had been raging for an hour, and its violence was so great that the pumps were not only unable to arrest it, but were scarcely sufficient to preserve the neighbouring houses. While the fifth story was burning the pumps could scarcely reach the second, and so feeble was the jet of water that for some time the firemen gave up the attempt. It was not till two hours and a quarter after the fire broke out that the steam pumps arrived.

Philadelphia, March 9.

The Treasury officials estimate the surplus revenue of March, April, May and June at $45,000,000, all available for reduction of debt. Eight millions of this is necessary to complete the sinking fund requirements, so the Secretary of the Treasury may use 37 millions for buying bonds for cancellation under the authority which Congress recently gave.

Madeira, March 8.

The following has been received from Elmina, dated February 18:—

"Ashantee messengers have arrived here from the King, who disclaims the Ambassador's threats of war and of attacking Axim. He professes friendly relations towards the British, and states that the reports of an intention to attack the Protectorate are false.

Rome, March 9.

In to-day's sitting of the Chamber of Deputies, Signor Massari asked the Government for information relative to Italy's participating in the European mediation between Chile and Peru. Signor Cairoli, in reply, stated that the Peruvian representatives in London and Paris had addressed a request for mediation to the English and French Governments, and the latter invited Italy and Germaay to take part in it. The proposal was declined by Germany, but accepted by Italy, and the negotiations have already commenced.

New York, March 9.

A mass meeting of the Irish Land League was held in the Academy of Music at Brooklyn yesterday evening, at which the Mayor presided. Among the vice-presidents and speakers were two judges, three Congressmen, some Protestant and Catholic clergymen and several aldermen. Resolutions were adopted condemning the action of the British Government and Parliament, sympathizing with Mr. Parnell and Mr. Davitt, and hoping that the Boers would be victorious in their struggle for independence. Letters from Mr. Tilden, Generals Hancock and MacClellan and ex-Governor Seymour were read, approving the objects of the meeting. The following telegram, signed by the Mayor, was despatched to Mr. Parnell:—"Six thousand persons assembled at Brooklyn say to you, 'Never surrender,'"

The recent speeches of Prince Bismarck in the German Parliament continued to be much discussed, considerable irritation being evinced in many quarters against the Imperial Chancellor.

The *Vossische Zeitung* to-day publishes an article calling upon the Minister of Justice either to defend the integrity of the Judges or to tender his resignation.

The Municipal authorities will come to a decision on the 11th inst. with regard to the special protest which they propose to adopt against the reflections upon their impartiality recently made by the Imperial Chancellor in the Reichstag.

This morning's newspapers publish a report from Herr Hagen, a Municipal councillor, against Prince Bismarck's insinuation that the assessment of house rates was influenced by party considerations.

THE EARTHQUAKES IN ITALY.

Rome, March 9th.

Two more slight shocks of earthquake have been felt at Casamicciola, but with no worse effect than the throwing down of some of the houses already ruinously damaged. One hundred and fifty-two bodies have now been dug out of the ruins. The panic still continues unabated, and has even spread to the Neapolitan district. The whole population of Torre del Greco spent last night in the open air, in consequence of a false alarm that symptoms of an earthquake had been felt there. The appeal made to public charity in aid of the sufferers are being responded to with the most open-handed liberality. Private persons, newspapers and banking firms have opened subscription lists; the leading actors of the day and the professors of music, both vocal and instrumental, have given their services gratuitously for representations and concerts. King Humbert has sent 10,000 francs. This afternoon the Chamber of Deputies voted unanimously 100,000 francs. The Clerical papers announce that the Pope has remitted a large sum to the Bishop of Ischia and the Press Committee of Naples are sending over 1,000 kilogrammes of bread daily.

STATE OF IRELAND.

Dublin, March 9th.

The warrants issued under the provisions of the Protection of Person and Property Act are being rapidly put into force, and every train arriving in Dublin from the South and West brings its contingent of 'suspects' for lodgment in Kilmainham Gaol. Up to 6 o,clock, including the four arrests yesterday—Messrs J B Walsh, Boyton, O'Halloran, and Keogh—17 Land Leaguers have been transferred from their homes in disturbed districts to cells in the principal bridewell of the metropolitan county, where they will be confined during the Lord Lieutenant's pleasure, the only enforced terminus of which is the expiration of the Act itself. The 13 prisoners who arrived to-day are Joseph Dalton, Milltown, near Tuam, charged with inciting to attack the police; Patrick Fury, president of the Newton (county Galway) branch of the League, charged with intimidation; Patrick J Kearney, Newton, (county Galway), inciting to arson; Patrick D Kenny, president of the Castleisland (county Kerry) branch; Denis T Hannigan, secretary of the Drumcollogher (county Limerick) branch; Thomas B Kelly, Athenry, Edward Hussey Hussey, Castleisland (county Kerry), charged on suspicion of having been connected with raids with arms; Michael Quigley and Michael Flynn, of Ennis: Patrick M'Manus, secretary of the Drumshambo (county Leitrim) branch; John M'Morrow, a national schoolmaster, county Leitrim; Michael Kelly, farmer, Drumkeerin, county Leitrim; and Charles Nelson farmer, from the same locality. It is a remarkable fact that the raid is made on the rank and file of the organization, two-thirds of those in custody being previously unknown outside their own immediate districts. Their arrival in Dublin caused little or no exitement, but the authorities have taken every precaution for their safe keeping. The gaol staff has been increased, a detachment of police has been appointed to keep guard within its precincts and military parties patrol inside the walls at regular intervals.

LATEST FROM THE CAPE.

Newcastle, Wednesday 5.5 p m.

At the meeting last Sunday neither side proposed any different peace terms to those originally offered. President Brand, Mr Kruger and Mr Joubert and others are to meet at a convenient spot with Sir Evelyn Wood before the expiration of the armistice, to negotiate the peace terms. I understand that the meeting will take place to the south and west of Newcastle, probably on the Free State road.

It is reported that 3000 Boers occupied Utrecht yesterday, burned some English houses and property, seized some stores, and forced the inhabitants to fly or join them. Those who left it is supposed have been forced to cross the Vaal River.

It is raining hard. All is quiet in camp. The horse sickness is increasing.

President Brand, of the Orange Free State, has telegraphed to Mr. Donald Corrie, M P., that he has started from Bloemfontein for the frontier (on the 7th inst.) and hopes that a satisfactory arrangement would be made before the expiration of the eight days' armistice. President Brand expects to reach Harrismith, near the borders of Natal, about the 13th inst.; and with a view to a peaceful settlement he had written to Mr Joubert to let him know where he and Mr Kruger could meet him (President Brand) in the event of a satisfactory arrangement not being concluded before he reached the frontier. President Brand also expresses in the telegram the hope that, if necessary, a short extension of the eight days' armistice will be made in order to effect a settlement.

Newcastle, March 9th.

A vague rumour has reached here that the Boers have appropriated to their own use the wagons of provisions intended for the British garrison at Wakkerstroom.

Durban, March 8.

The number of Boers on Laing's Nek has greatly diminished since Sunday. Their anxiety to return home has always been most marked.

Supplies have been sent to Potchefstroom, Standerton and Wakkerstroom.

The peace negotiations are due to President Brand's ceaseless efforts to prevent further bloodshed between white men.

It is denied that the Boers charged Majuba four times or that ammunition ran out. The defeat was due to the absence of supports or flanking movements. The hill proved a complete trap for the British.

Al Publico

P. DILLEMANN y Ca., para evitar juicios erroneos en el asunto de la marca PESCADO, hacen constar:—

1°. Que sacaron en el año 1874 Patente por la marca PESCADO en Francia.

2°. Que sacaron Patente de la marca PESCADO en el año 1876 en la Republica Argentina en toda forma para los articulos de FERRETERIA y CUCHILLERIA que acostumbran introducir en este mercado, como marca de COMERCIO y de FABRICA, la cual les fué concedido para SU USO ESCLUSIVO. La Patente fue publicada durante un mes en los diarios, segun lo prescribe la ley, sin que hubo alguien que hubiera protestado contra ella.

3°. Que habiendo sido introducido una imitacion y falsificacion de su marca, acusaron criminalmente la casa que habia cometido este delito. La casa en cuestion, los Sres. Mantels y Pfeiffer, fue condenada y la sentencia publicada en los diarios por cuenta de ella.

4°. Que recien durante la tramitacion del proceso la casa de Mantels y Pfeiffer bucho hacen valor la patente de un fabricante en Francia a la Carpa, y pidio su registracion para Coutaret Denise y file, la que les fue negada por la oficina de patente por ser PROPIEDAD EXCLUSIVA de P. Dillemann & Co. en la Republica Argentina, como marca de COMERCIO, y de FABRICA.

5°. Por ultimo recurso se dirigio la casa de Mantels y Pfeiffer al ejecutivo en apelacion para obtener el registro de la marca Carpa, y el Exm. Gobierno ha tenido a bien, concederles parte, de lo que es PROPIEDAD NUESTRA, adquirida en toda forma, como lo prescibe la ley.

6°. Al fin diremos, que todos los ferreteros que vienen a nuestra casa, saben que si la marca Pescado ha adquerido una cierta fama es porque hemos trabajado durante muchos años, a espander los articulos de esta clase en la mejor calidad.

En cuanto a las apreciaciones, que ciertas personas se han permitido hacer de nuestro modo de proceder, no hay necesidad de defendernos, 33 años de vida comercial en esta plaza bastan para habernos hecho conocer.

AL PUBLICO

La casa de Dillemann & Co. ha creido conveniente llamar la atencion publica por medio de los diarios sobre una cuestion de marcas que ha tenido con nosotros y que ha concluido ahora con nuestra mas completo triunfo.

A estas publicaciones contestamos

1. Que la marca carpa (UN PESCADO) es la propiedad de los fabricantes en cuchilleria Srs. Contaret Denise & Fils quienes lo poseen hace mas de 60 años.
2. Que nosotros hemos presentado poder de dichos fabricantes.
3. Que si la casa de Dillemann & Co. ha hecho registrar aqui en su nombre la marca pescado era con el evidente objeto de usurpar los derechos de nuestros representados.
4. Que es ridiculo de Dillemann y Co. llamar imitacion y falsificacion los cuchillos importados por nosotros y comprados al fabricante (verdadero dueño de la marca de de 60 años.)
5. Que Dillemann & Co. no son fabricantes sino introductores como nosotros, no tiene valor su pretension de haber anotado la marca Pescado como suya en un pueblito de Francia cuando debian registrarlo en el ministerio de artes y oficios de Paris lo que no consta que hayan hecho.
6. Que por toda contestacion a todos los desahogos de los Srs. Dillemann y Co. agregamos el decreto del Gobierno Nacional.

Por los fundamentos del precedente dictamen del Sr. Procurador General de la Nacion queda sin efecto la resolucion de 24 Octubre 1878 por la que la Oficina de Marcas de Fabrica y Patentes de Invencion denego a los Srs. Mantels y Pfeiffer la marca CARPA que estos solicitaron en representacion de los Srs. Coutaret-Denise et Fils para articulos de cuchilleria, y vuelva al espediente a dicha Oficina para que sin perjuicio a los Srs. Dillemann & Co. verifique el registro correspondiente en los terminos de la Ley.

Comuniquese, publiquese e insertese en el R. N.

ROCA

A. del Viso.

Como se ve este decreto pone fin a cualquier polemica y no justifica de ningun modo el proceder de la casa de Dillemann & Co. a pesar de sus 32 años de vida comercial en esta plaza.

Dr. J. COLLIS BROWNE'S

(Ex Army Medical Staff)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

—o—

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 12th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diptheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitations and Spasms.

CHLORODYNE the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis &c.

Extracts from Medical Opinions.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy or any service in Cholera was Chlorodyne. *See Lancet*, Dec. 31st, 1864.

From A. Montgomery, Esq, late Inspector of Hospitals, Bombay. 'Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed.

Dr. Lowe, Medical Missionary in India, reports (December 1865) that in nearly every case of Cholera in which Dr. J. Collin Browne's Chlorodyne was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera. 'So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.

See leading article, *Pharmaceutical Journal*, August 1st, 1860, which states that Dr. J. Collis Browne was the inventor of Chlorodyne, that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION. None genuine without the words 'Dr. J. Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer J. T. DAVENPORT,
33—Great Russell-street, Bloomsbury—33. LONDON
